

# Ayman Nabgouri

**Address:** hay zaitoun Bloc B NR107 Tikiouin Agadir, AGADIR 80000, Morocco **Phone number:** 0671044114  
**Email address:** nabgouri9@gmail.com **Web:** <https://ayman-nabgouri.vercel.app/>

## PROFILE

Full-stack engineer skilled in React.js, Node.js, and Laravel, with proven success building a custom Point of Sale system and a Progressive Web App featuring real-time notifications and GPS tracking. Experienced in frontend and backend integration, code quality, and technical collaboration. Offers strong expertise in modern JavaScript frameworks, clean code practices, and a passion for delivering seamless, high-performance applications to drive innovative AI product development.

## WORK EXPERIENCE

### Software and web developer Exxpress.ma

03/2025 AGADIR, MOROCCO

- Refactored and modernized the UI of a legacy Laravel management system, improving user experience and code maintainability with React and Tailwind CSS.
- Built a custom Point of Sale system from the ground up, streamlining product sales operations and enhancing frontend performance.
- Developed a Progressive Web App for courier management featuring real-time order notifications, GPS tracking, and offline functionality to ensure uninterrupted delivery operations.
- Collaborated on full-stack projects using React, Vite, Laravel, Tailwind CSS, and Node.js, contributing to frontend development and backend integration.
- Maintained code quality and participated in technical decisions to improve project outcomes.

### Frontend Web Developer Upwork

11/2024 - 02/2025

- Built responsive, user-friendly websites using HTML, CSS, and JavaScript, delivering seamless cross-device experiences.
- Collaborated closely with designers to translate wireframes and prototypes into clean, functional interfaces, enhancing UI quality.
- Implemented frontend features aligning with React.js principles to improve application performance and maintainability.
- Ensured code quality through rigorous testing and adherence to best practices, supporting smooth project delivery.
